

QC CONCRETE RESURFACER

QC CONCRETE RESURFACER HD

■ QC Concrete Resurfacers are capable of transforming most substrates into expanses with bold design and creative detail.

■ Use the 30 standard colors or create a new color to design surfaces with solid color, marbleization, variegation or various textures.

■ Produce exceptional spaces without the high costs of demolition, elaborate design and formwork associated with new concrete.

COLOR SELECTION GUIDE

QC CONCRETE RESURFACER*

ULTRA-THIN OVERLAY

- **COLOR THAT PERFORMS:** QC CONCRETE RESURFACER ultra-thin overlay rejuvenates worn surfaces with bold colors and creative design.
- **MADE TO ORDER:** Available in 30 standard colors - 15 natural and 15 exotic shades. Custom and matched colors are available to meet the needs of each project. QC CONCRETE RESURFACER can create surfaces with solid color, subtle variegation, marbled hues and various textures.
- **DESIGNED FOR CRAFTSMANSHIP:** At a recommended thickness of 20 mils., QC CONCRETE RESURFACER can be applied with trowels, brushes and squeegees to produce different textures.
- **BUILT FOR DURABILITY:** A three-part cementitious system featuring exceptional bond strength to nearly any substrate, QC CONCRETE RESURFACER dries completely in 24 hours, can achieve a compressive strength of 6,000 PSI and provides excellent abrasion resistance.

- **PACKAGE SIZES and COVERAGE RATES:** See corresponding Product Information Bulletin for more details.

LIQUID: 1-, 2-, and 5-gallon pails

BASE COAT: 56 lb. bag; approximately 450 sq. ft.

FINISH COAT: 40 lb. bag; approximately 600-1000 sq. ft.

SMALL PROJECTS: MINI PACK: Product to complete approximately 25 sq. ft.

COMBO PACK: Product to complete approximately 50 to 60 sq. ft.

- **RECOMMENDED SEALERS:** QC Cemseal*, QC Permaseal*, QC VOC 100 WB* and QC Surpro WB*.

QC CONCRETE RESURFACER HD*

HEAVY DUTY ULTRA-THIN OVERLAY

- **BUILT FOR DURABILITY:** QC CONCRETE RESURFACER HD is the preferred material for trowel-down/spray texture and exterior overlay applications providing a tough coating to substantially reduce water penetration, freeze-thaw scaling and concrete carbonation.
- **ENGINEERED TO LAST:** QC CONCRETE RESURFACER HD is a three-part cementitious coating consisting of a unique liquid and cement aggregate blend. QC CONCRETE RESURFACER HD dries completely in 24 hours and features exceptional bond strength which can be applied to nearly any sound surface including concrete, cement block, tile, metal or wood.
- **COLOR THAT PERFORMS:** QC CONCRETE RESURFACER HD is offered 30 standard colors - 15 natural and 15 exotic colors, matched or custom colors to create prominent surfaces, with a recommended thickness of only 90 mils.

- **PACKAGE SIZES and COVERAGE RATES:** See corresponding Product Information Bulletin for more details.

LIQUID: 1-, 2-, and 5-gallon pails

BASE COAT: 55 lb. bag; approximately 200-400 sq. ft.

FINISH COAT: 55 lb. bag; approximately 600-1000 sq. ft.

- **RECOMMENDED SEALERS:** QC Cemseal*, QC Ultra Seal*, QC Solvent Seal VOC III*, QC VOC 100 WB*, QC Surpro SB* and QC Surpro WB*.
